### **REASONS FOR ALLOWANCE**

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in claim(s) 1-20, wherein the claimed invention comprises a stamper having a first micro-lens array pattern formed on one surface of the stamper and a second micro-lens array pattern formed on the other surface of the stamper and applying a first light transmitting resin between the first transparent substrate the stamper and applying a second light transmitting resin between the second transparent substrate and the stamper; and applying a third light transmitting resin between the microlens arrays, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
